

Q. What's it like being back in northwest Arkansas?

GABY LOPEZ: It's great coming back to Arkansas for me, you know, my second home, it feels great. The community is so supportive. I feel very comfortable around here and the golf course is in great shape.

Q. You had a great round today. What was workin' for you?

GABY LOPEZ: You know, just probably didn't hit as good as I wanted, but I talked about with my caddie, I talk about every shot and I was really comfortable with what I was doing, and I believed that good things were going to come my way, so confidence and committing myself to every shot.

Q. You are more than likely going to make the cut. What can you do tomorrow to improve it?

GABY LOPEZ: Keep doing what I'm doing, maybe sharpen a little bit more my tee shots. Pretty much still having fun and enjoying being a Razorback and representing Mexico and Arkansas at the same time.

Q. How are the conditions different today than yesterday?

GABY LOPEZ: I think yesterday was more wind, was a little windy. Today picked up on the last holes but the course is in great shape. I love it here. It's just more enjoying the process and the result.

Q. Thank you.
