GAME NOTES

- » Arkansas has scored in 62 consecutive games, which is the sixth-longest streak in program history and the longest since a 64-game streak from Nov. 14, 1987, to Nov. 11, 1995. The last time Arkansas was shut out was Oct. 2, 2021, in a loss to No. 2 Georgia.
- » The Razorbacks' 236 consecutive extra-points made streak, which began on Dec. 5, 2020, is the longest streak nationally by date.
- » **DL Antonio Sandel Bascomb**'s recorded his first career forced fumble in the third quarter.
- » **K Max Gilbert** tied a career-high with four made field goals. He previously accomplished the feat while at Tennessee on Nov. 9, 2024 during a win over Mississippi State.
- » The Arkansas defense held Tulsa to just six points in the win, the fewest allowed in a game at Donald W. Reynolds Stadium by the Razorbacks since Sept. 9, 2023, when they did so in a 28-6 win over Kent State.
- » **DL Quincy Rhodes Jr.** registered his second sack of the season and the 11th sack of his career at the 2:03 mark in the second quarter. He has now recorded sacks in back-to-back games and has recorded tackles for loss in three consecutive games.
- » **WR Chris Marshall** hauled in nine passes for a career-high 195 yards and a touchdown. It marked the seventh most receiving yards in a single game in program history. He became the first Razorback to record consecutive 100-yard receiving games since Andrew Armstrong accomplished the feat against Oklahoma State and UAB in 2024. He is the eighth pass catcher in Arkansas history with a 100-yard receiving game against Tulsa, and the first since WR Cobi Hamilton in 2012.
- » Arkansas shut out an opponent in the first half for the second time this season after previously accomplishing the feat against North Alabama, marking the first time Arkansas has shut out multiple opponents during the first half of a season since 2024, when they accomplished the feat against UAPB, Auburn, Tennessee and Louisiana Tech.
- » **QB KJ Jackson** eclipsed the 300-yard passing mark for the first time in his career, completing 24-36 passes for 304 yards and a touchdown. He is the second Arkansas passer in history to throw for 300-plus yards against Tulsa, and the first since QB Casey Dick in 2008.
- » **RB Cam Settles** recorded his first career start and **LB Ben Bogle** registered his first career FBS start.

GAME NOTES

- » With the win, the Razorbacks now hold a 56-15-3 all-time series lead over Tulsa and have won 20 straight against the Golden Hurricane dating back to 1977. Arkansas is now 43-5 all-time against Tulsa in Fayetteville.
- » Arkansas now owns a record of 83-23-5 all-time in regular-season non-conference finales dating back to joining the Southwest Conference in 1915. Additionally, the Hogs own a record of 22-11-2 in non-conference finale matchups against Tulsa.
- » **WR Chris Marshall** became the first Razorback to lead Arkansas in receiving yards in the first four games of a season since Anthony Eubanks (4) in 1996. In addition to Eubanks, he joins James Shibest (1984, 6), Derek Russell (1990, 5) and Tim Horton (1989, 4) as the only Razorbacks to lead Arkansas in receiving in the opening 4+ games of a season dating back to 1979.
- » **QB KJ Jackson** is the first Arkansas QB with 300+ yards passing and 2+ rushing touchdowns in a game since QB KJ Jefferson (326, 3) at Ole Miss in 2021. It also marked Jackson's first career multi-rushing touchdown game.
- » Ryan Silverfield is now 32-13 as an FBS head coach when winning the time of possession margin. Silverfield-coached teams also hold records of 46-10 when scoring 30+ points, and are 30-0 when allowing 21 points or less.
- » **K Max Gilbert** scored 14 points in the win. It marked his fifth career 14+ point game and his first since a 15-point performance on Sept. 6, 2025 during a win over East Tennessee State while he was at Tennessee.
- » Over his last two games, **WR Chris Marshall** has posted 331 receiving yards (136 vs. Georgia, 195 vs. Tulsa). His 331 receiving yards rank fifth in Arkansas' top 10 list for receiving yards across consecutive games.
- » Through four games this season, **WR Chris Marshall** has 28 receptions for 473 yards and a touchdown. His 473 receiving yards through four games are the most by an Arkansas pass catcher since WR Jarius Wright began his 2011 campaign with 478 receiving yards and five touchdowns on 28 catches.

ARKANSAS QUOTES

Ryan Silverfield, Arkansas Head Coach

Opening Statement:

"Thank you guys, all for being here. Let me start by saying, the crowd was electric, obviously. So pleased with the way they showed up. The students were there early. They were loud; they were proud. The fans were fantastic, even through the drizzles of the rain. I try not to look up too much during the parts of the game, I'm usually connected to the iPad or talking to coaches or figuring out the next play call. But I got to see some of what the lights look like and wow, phenomenal. Everybody's bragging about what it looked like at halftime, but it was just great. It was a great night for Razorback football. So I'm pleased. Obviously, we're excited about the win. Still, a ton, a ton to work on, but, anytime you come out there as a defense and hold an opponent to six points, you're quite pleased. You gotta be very proud of the effort that they did. We had the two penalties. One was on the unnecessary roughness on the quarterback, Hunter's [Osborne] hit on the quarterback. Then the celebration penalty. Those are self-inflicted wounds. It would've been nice to get out of the game penalty free. I thought we played relatively clean other than that. You talk about the onside kick recovery by JJ (Joker Johnson). I mean, huge heads up, right? The surprise onside, to go attack that ball and get it. Those can be game changing plays. Offensively, you talk about Chris Marshall; nine catches for 195 yards. KJ [Jackson] threw for over 300. What he was able to do, and just be efficient, right? We still have to take care of the football. We've got to find ways to run the ball more effectively and be better in the red zone. And then let me not forget those two forced turnovers. I think those are huge. Any time you get them to force the fumbles. The hit by Antonio Sandel-Bascom, and the recovery by Ben Bogle. Then Shelton [Lewis]. I will be the first one to tell you who's mad that Shelton gave up that catch. But then ripped it out and came away with the recovery on that. So two takeaways, obviously, we got to continue to focus on owning the football, but proud of the efforts, I think we took a step in the right direction. I think what I've talked to you guys all about is how do we continue to find improvements in all phases of our game, and continue to find ways to build off of this. But excited and proud and so appreciative of the crowd.

On the team's progress throughout the week:

"We talked about playing collectively. On Monday's press conference, I said it was a guy here, a guy there. I thought the communication was pretty darn outstanding throughout the game. I don't think we sat there and had major issues based off of communication. It sounds so elementary. In college football, when you're playing a tempo team that runs gadgets and tricks, does a bunch of different things, the same team that beat Oklahoma State, man, you gotta be on it. You gotta play with great eyes and great communication. Defensively, I thought the communication was there. I thought we got lined up for the most part. It wasn't perfect. They kept shifting the fronts early on. I thought we did a nice job in pass protection. It's something we had to continue to build on. Then, just finding the holes in the zone. We talked about doing those things. Anytime you get a chance to get two takeaways, that's got to be something we got to build off of. From the day I met you, I talked about owning the football and gaining takeaways. That's something we can hang our hat on. I thought the effort was there again tonight. I'm gonna go back and watch the film here in about 30 minutes, but I thought the effort was there. I thought guys flew around and played really, really hard. Obviously, it's easy to do so when you got such great fans behind you."

On taking away Tulsa's ability to run the ball:

"That was one of the things. Coach Lamb had even talked about. The last four weeks, how they want to be able to run the ball effectively and do so with success. They had to run a lot of inside zone. They'd run some stretch and some counter to a lot of success against all their opponents. That was something we knew we had to slow down. I talked about it on Monday. (They have) two great transfer running backs, one from Auburn, one from Old Dominion. And then, obviously, they were running the quarterback a little bit tonight. They did a variety of different things. I was just pleased. I think the guys showed up to the ball in a violent manner. Obviously, (we will) continue to work on those things, because we're gonna see a variety of different stuff from offenses moving forward."

On Chris Marshall's game:

"Phenomenal. We talked about it. You guys said, 'Ryan, do you need to find another go to receiver?' I joked around on third down that I should throw the ball to him. That was the play call. But, no, listen, he's been tremendous. He's done a great job of finding ways to get open, making the tough catches. I had to talk to him about ball security. When he got into traffic, two hands on the ball. I'm just pleased. You need those type of guys. Sometimes you need that spark on offense. He's been just tremendous. Like I've told you guys from the very beginning, since the moment he stepped foot on campus, he's been exactly what he wanted. He bought in. We couldn't be more proud of his effort tonight."

On playing a clean game:

"First off, we'll take anything that's a positive. I even told you guys on Monday, I'm not gonna listen to all the negativity. We're going to take all the positives and we're gonna continue to build on it. There's still a lot to. There's a lot that I'm not happy with that happened tonight. But, let's look at the positives, how do you grow on that and fix the other things, which will allow you to continue that snowball effect of whether you want to call it, momentum. The guys believed, right? Everybody was saying, 'Ryan, how are they feeling after back to back weeks.' I openly admitted that (Utah) was the worst loss of my head coaching career. We were gonna find ways to fight and get back, and, to the team's credit, they didn't bat an eye. What a group of resilient young men. I thought the offensive line did a decent job of using their hands. The ability to go out there and execute. There's some confidence in the offense. Now, can you go out there and finish in the red zone? Can we continue to find where we do some positives in the run game and continue to grow from that? They took some shots down the field. Our guys made some plays on the ball. I think we got to find every bit of positivity and continue to grow from it. I think the guys have bought in. And, guess what? I think we're going to have an even better week in preparation this week."

SEPTEMBER 26, 2026

DONALD W. REYNOLDS RAZORBACK STADIUM

6

ARKANSAS QUOTES

Ben Bogle, Arkansas LB

On the start of the game:

"First and foremost, I want to thank my Lord and Savior Jesus Christ. Without him, I can't do anything. But, yeah that first play felt amazing. I was able to trust all my guys to be in the right places. It was my turn to go make the play. I'm very blessed to be able to be in that position. I thought the defense took a huge step forward, and obviously there's a lot to clean up, but I think that we put ourselves in a good position for next week."

On the overall game plan for defense:

"It was really important. We saw their backs, number six (Damari Alston) and number three (Trequan Jones). (They are) very explosive backs, didn't want them getting to the edges. We wanted to contain them and make them one dimensional."

On the mindset going into the game:

"I prepare the same. I prepare like I'm the starter. I stay in the film room, making sure all communication across the board is there. I kind of have that same mindset, prepare as the starter every week because anything could happen. It's always the next man up mentality."

On not letting go after a disappointing start to the season:

"I completely agree with Joker (Johnson). It's all about the little things. Our motto is 1-0 daily. And so, just taking it one day at a time, getting better every day. That's kind of our mentality. Especially for the leaders to step up, especially when guys start to get down after those tough losses, you got to pick them back up. You go to keep going. I thought tonight, we did a good job at turning the page."

On playing off halftime entertainment energy:

"I've never kind of been in a light show or anything like that. So I thought it was pretty cool."

On going into next week:

"I think we need a win bad, every week. That's kind of our mentality. It's not just for A&M."

Joke Johnson, Arkansas CB

On the fumble recovery:

"I was a hook dropper in that play. I saw the quarterback trying to get out of the pocket and I thought he broke the line of scrimmage or he was close to it. I was making my way over there and I don't even know who stripped it, to be honest with you in the moment, or right now. But, you know, the ball came out. I saw the ball and went, it's my ball. That's kind of my mentality, I'm not going to let anybody else get it."

On improvements going back to SEC play:

"I mean, we took a step forward, of course, but you got to keep climbing. You have to keep having 11 guys at a time doing their job. We communicated a lot better tonight. We had a lot of guys playing fast, green, doing their job, just being in the right spot at the right time. Just believing in Coach Roberts and playing whatever he called and just executing."

On not letting go after a disappointing start to the season:

"We just kept harping on little things. Everything matters. How you do anything is how you do everything. We just keep enforcing the little things, the details, the discipline, overall in the program. We can't let nothing slip up. I think we're getting better and better at the little things. Being disciplined, communicating, cleaning up trash behind each other. I think we are kind of putting it together now and we can't take anything for granted. Every good thing matters. They've been preaching it and I think people are starting to buy into it."

On playing off halftime entertainment energy:

"It was pretty cool. I mean, I've never seen them like it. It was pretty cool."

KJ Jackson, Arkansas QB

On his performance:

"It was great. Coach Cramsey had a really good game plan coming into it. We've been working on them since we got in the building Sunday. Coach Cramsey showed us some shots that he really liked, and all of them ended up coming into fruition and working."

On Chris Marshall:

"It's awesome. He makes playing football really easy. He makes really quick, decisive decisions. I feel like tonight we did a good job of being on the same page when it comes to all the option routes."

ARKANSAS VS TULSA

34

SEPTEMBER 26, 2026

DONALD W. REYNOLDS RAZORBACK STADIUM

6

ARKANSAS QUOTES

On teams honing in on Chris Marshall:

"I think late in the game, they started bracketing Chris and trying to put two on him. It just opened up everybody else. We have playmakers all over this squad. All those boys can make plays in space. So I just find the open receiver and get it to him."

How much more comfortable are you starting to get in the offense and just play more free?

"I'm comfortable. I feel like I've been comfortable. I've made some mistakes, and I know that's just growing pains. We just finished game four. We got a long season ahead. We will keep driving forward and keep getting better everyday."

On handling pressure:

"I wouldn't say it's easy, but Coach Mitch (Stewart) and Coach Cramsey do a good job. I was very prepared. I knew kind of what looks we were going to get. We knew that they were going to bring one linebacker here, one linebacker there. They weren't a very big pressure team, sending two at a time. And just knowing where the hots are, and, again, those running backs had a good day catching the ball out of the backfield as well. They made some big plays when I had to dump it off quick to them. Kudos to them as well because they helped the pass game more than anybody."

On confidence in Chris Marshall:

"I wouldn't even say confidence is the word. Confidence goes up and down. My belief is through the moon with Chris. I know that he's going to make a play. I know he's going to work his tail off every single day. He's been grinding since day one. He's been showing that mentality since day one. He's one of the hardest working guys in the building. That belief doesn't just come from him making plays, which we all know he can do. It comes from how he goes about his business every single day."

On using his legs:

"Since game one, Coach Silverfield, Coach Mitch and Coach Cramsey told me that I have some opportunities in the run game. Pull it here, pull it there, so just paying attention to it. We made that a big focus in the quarterback room to discipline undisciplined defenders. There were still some reads that I missed out there, but a little bit better tonight. Hopefully, we just keep on getting better."

Chris Marshall, Arkansas WR

On his performance:

"I say we came out with a great game plan first. I feel like we executed to a high standard. The standard was set coming into the game, and we went out there and executed."

On teams bracketing him:

"I would say that's not more of my concern. That's more Coach Cramsey and everybody else. I'm going out there with the same mindset everyday. No matter if it's one high, two high, or bracket. I got to find a way to win."

On having the seventh-most yards in program history in a game:

"It's a blessing. It's a blessing to even be back in this position, and I just give glory to the Man Above."

On finishing the game:

"In my mind, I never feel like a game is over until it hits 0:00 at the end at the fourth quarter. I'm gonna play till the last whistle. And even at the end, I don't want to come out even if we're up 21 or whatever. My mindset stays the same the whole game."

On being a go-to receiver:

"Like I said before, it's a blessing. I wouldn't trade being on this team for any other team. I love the atmosphere and the camaraderie that this team has. I feel like the win just brings it more together because we need it to win."

ARKANSAS VS TULSA

SEPTEMBER 26, 2026

DONALD W. REYNOLDS RAZORBACK STADIUM

6

TULSA QUOTES

Tre Lamb, Tulsa Head Coach

Opening Statement:

"Congrats to Coach Silverfield and Arkansas. They outplayed us in every phase. You know, the thing I was just talking to our team about is, we got beat at the point of attack today. I think everybody could see that. We physically got beat at the point of attack across the board, wide out, blocking on the perimeter at tight end, offensive line. They were disruptive in the backfield. We struggled to block them offensively. We got nothing going. Every time we did get something going, there was a penalty. Our timely penalties are absolutely killing us right now. We hit an explosive play and we turned it over. We crossed the 50, got a chance to cut it to one score and Dexter [Williams II] fumbles. So, two turnovers and the penalties are absolutely gutting us on offense. Defensively, we can't be out there for 36 minutes against an SEC team. The dam's going to break eventually. You've got to control those games. You've got to make the key plays. You've got to make somebody miss. You've got to have an explosive play to keep your team in it, and we never, never had that. So the lack of offensive efficiency kept our defense on the field all day. I do think we played good enough on that side of the ball to win. I think the other side got their butts kicked. So, we're 3-1. The record is what it is. It says what it says. We've got to go rally the troops. We've got a game in five days against North Texas, and it's the most important game on our schedule. Losing will never be accepted, and I told them that, but I'm going to love them even more when we lose. It's on the coaches. Coaches got to be better. I got to be better. We didn't make those mistakes on purpose. There's a reason they're happening. I got to get this team to perform and practice better."

On the performance at the point of attack...

"Yeah, I thought we would hold up at some positions maybe better than we did. They got some good players, particularly on defense: No. 6 (Khmori House), No. 44 (Ben Bogle), their safeties, their corners. We had deep shots, we threw the ball deep, they covered us. And they let you play a little bit in this league, and that's part of it. We got to be better, try to make some plays and give Dex (Dexter Williams II) more time. I was proud of Dexter. I thought he played fine. He's got to step up in the pocket more, but, I mean, his numbers were fine. He completed a lot of passes, didn't have much of a run game to help him. I was actually pleased. I thought he gave us a chance tonight and we didn't do much around him. (We) couldn't get Damari [Alston] loose, couldn't get the backs loose. They're our best players. They never had a crease, never had running room, never popped one."

On what's been learned through the first four games:

"I think we've got a team that as player-led. I think we've got a tough team. I didn't think toughness was the problem tonight. I didn't think care or want to. I thought we played really hard. I thought all our players played hard. We don't have issues there. We didn't have missed assignments. We got beat tonight. And if you look at the non-conference schedule, 3-1, yeah, we probably would have taken that. But this one hurts, right? I wanted to play good for our fans. I wanted to play good for our alumni that really want to beat Arkansas, and I felt it. And yeah, just disappointed tonight, but, you know, college football - it's a zero or a 10 every Saturday. Either you win or lose. If you want a bunch of fives, sell insurance. You've got to take these. The glory you feel at Oklahoma State, or Sam Houston, or East Texas A&M, or whoever we will beat on our schedule, the losses feel equally as bad. So, it's hard for me to probably to put into words right now ... I'm more worried about what happened tonight than what happened to start the season 3-1."

On the quarterback situation:

"Yeah, I think there's a lot to build on. We miss Baylor [Hayes], I miss his leadership, miss his spark, you know, just miss a little bit of that intangible that kind of gets you going. I think the team can rally behind Dex. I think we can absolutely win with Dex. I think he played good enough for us to win. I've got to coach Dex better. I thought he played plenty good enough tonight. We couldn't break a tackle. Every time we hit one on the perimeter, they tackled us. So Dex needs some help when he's in there. I feel good about getting Baylor back. He dressed tonight. He put a lot of work in pregame. We'll see. I hope so."

Dax Collins, Tulsa LB

On how he felt the defense played tonight against Arkansas:

"I mean, the first half was pretty good, I thought. Just a couple of big plays. If we eliminate big plays, it should be a different ball game, 6 (Chris Marshall) is unbelievable."

On what he thought about playing in this environment tonight:

"I think I enjoyed it more than I thought I was because I grew up coming to the games, and sitting in the stands. The stadium felt so big, but being down there and playing in it just felt surreal. I loved it."

Tai Newhouse, Tulsa DL

On how they make sure their preparation is what it needs to be when having a short week before conference play:

"Biggest thing is you got to flush this game. The second you get on the bus, we're onto North Texas, it's just 3.5, 4 days of locked in and doing everything you can to come back."

On what he felt was going right holding Arkansas to three field goals in the red zone in the first half:

"I mean, bend don't break. I think we need to make more plays and get more turnovers, season-wise. I thought we were physical. I thought we did decent. I think we were on the field that long. We need to get off the field."
