ARKANSAS QUOTES

Ryan Silverfield, Arkansas Head Coach

Opening Statement …
"Thank you guys for being here. Clearly, not good enough tonight in any facet or phase of the game. We can't turn the ball over four times and (give them) 24 points off of turnovers versus a top 25 team and much less anybody in college football. We did some decent things defensively, but the inability to stop the run, and then, not being able to get off the field on third downs. The second half certainly hurt us with some detrimental penalties. We had one penalty in the first half. Then the second half, we had some inexcusable detrimental penalties that ultimately led to the score being exactly where it was."

On the penalties…
"I think anytime there's a personal foul, that's in the hands of those that call it. The high-low penalty on the 1-yard line, I've run that play well over 100 times in 28 years, and unfortunately it got called tonight. It's the first time I've seen it called in a long, long time. But either way, no excuses. We shouldn't put ourselves in those situations."

On trailing by six at halftime…
"I think our guys have always shown up and said, 'we're gonna keep fighting, right?' We knew if there weren't self-inflicted wounds offensively, we may have had the lead. We were doing some really nice things defensively; able to stop the run. The guys said, "okay, let's keep fighting, let's keep believing, and let's keep pushing."

KJ Jackson, Arkansas QB

On four turnovers for the night…
"We preach OTB (owning the ball), and we didn't do that tonight, and, you know, that's the reason why we weren't successful."

On teams pressure…
"We weren't planning on them pressuring us a lot, but, we've been seeing pressure all year. I think we did it pretty well. (The line did) a pretty good job of protecting up front and getting things communicated when it came to the pressures."

On being prepared…
"We were prepared as an offense. Coach Cramsey did a great job of getting us prepared and be able to go there out there to be successful. We just didn't execute as an offense."
.

Joker Johnson, Arkansas DB

On the Missouri third quarter…
"We just got a find a way to come out of the second half and start faster. You got to know how to deal with adversity and we didn't do a great job dealing with it tonight. You have to find a way to stick it out for the second half."

MISSOURI QUOTES

Eli Drinkwitz, Missouri Head Coach

Opening Statement ...
"First, I want to take a moment and just say I lost a high school friend this week named Dustin Glover from Alma. Died way too young. Graduated together. Was a guy that would always encourage me, text me after games. Was a Razorback fan through and through, but when we played him, was a Missouri Tiger fan. (He) texted me after the Florida game, excited about coming up to the game. And life is really short and precious, and I just want to let his mom and dad and his sister and the community know that I'm thinking about him and miss him already. Then I want to just say I'm really, really proud of Ahmad Hardy. It's been a long road to get back here. It's been a very difficult challenge for everybody. Want to thank our doctors and our trainers and our strength staff and athletic performance team, but really proud of Ahmad. You can tell he's still trying to get back used to it, but to be able to come in there and get us a big first down I was really proud of him. Thought our football team came out early fighting, you know, we talked all week about a prize fight, and that's what it was going to be on a Saturday night, a prize fight. If you won, you got a prize at the end, which is that trophy. And that trophy means something to us. It's important, you know. We have two trophy games this year, and we won both of them, and that's a big deal for our program and our fans. And so we're always going to fight to win those trophies. And so, really proud of our defense, the way they played tonight, forced some turnovers. You know, offensively we were just continually just stub our toe with penalties, and we got to get that cleaned up. In the second half we were much better. Obviously Jamal running the ball, offensive line leaning on him. Austin made some big-time throws. That pass to Caden Lee on third down was impressive. That was big time for us. Kind of unloaded the momentum for them."

On Ahmad Hardy...
"Yeah, it's a little bit wonky. You know, we wanted to get him in there in the first quarter, didn't quite have the rhythm to, got him in there at the start of the second quarter, got two carries. We had a couple of plays in the red zone, but we didn't ever get back in the red zone until the third quarter. And then, by that time, it was just we didn't know if he was ready. I was going to try to get him in on that last drive that we had the fumble, but he just wasn't loose still."

Austin Simmons, Missouri QB

On Jamal Roberts...
"Jamal always seems like that special guy to be around on and off the field. He really just shows how talented he is, making some guys miss and breaking out of some tackles."

On the importance of quick starts in the second half...
"It's really just starting fast and starting in that mindset and making sure we're taking that momentum."

Ahmad Hardy, Missouri RB

On journey to return...
"It was a lot of ups and downs, but I battled it out. I came back and got my first playing time tonight."
