ARKANSAS QUOTES

Ryan Silverfield, Arkansas Head Coach

Opening Statement ...
"Clearly the tale two halves. You look at what we did defensively, proud of that effort in the first half, played really clean, were able to wrap up, get off the field on third down, do a lot of great things. Offensively, did some decent stuff in the first half. Obviously, wish we could have capitalized a little bit more. So it wasn't just a 10-3 ballgame going into halftime. And then the second half struggles. Offensively, giving up 8 TFLs and 5 sacks in the second half, and then their quarterback rushing for over 120 yards and throwing for two touchdowns. Their quarterback is one of the most experienced in the country, clearly the most experienced in the SEC, and he played like it in the second half, and we didn't find a way to stop him. So, the guys keep fighting, and they keep believing, but ultimately, we fell short today."

On not capitalizing on opportunities in the first half...
"We've got to be able to capitalize on those. Whether it's, you know, long runs. Just getting into the end zone. The ability to now even have to attempt to get field goals. When we get close to the red zone, even if it's on the fringe, to be able to try to be more aggressive, which we would have been if we were a little bit closer. If they weren't fourth and long situations, the opportunity to maybe go for it. And so, you gotta have those. We are not playing good enough football, to miss those opportunities."

On defending Auburn QB Byrum Brown's second half...
"Yeah, there's some times even when we got pressure, when he tried to pass, we had the opportunities to get him down, we weren't. You know, so it'd be one thing if it was just sitting back there all day to throw, or to run it, and just a ton of missed tackles in the second half. There was not a certain technique, there wasn't a certain thing that occurred that ultimately led to those failures to get defensive stops but Brown found a way to will them and make those missed tackles and make those completions."

On call coming out of the two-minute warning to Antonio Jordan...
"We gotta like that matchup. You know, and there's some other times we were looking towards Antonio. It is easy to just say, just throw it up to him every time and hope he does it, right? There's some other times that we wish he was maybe a little bit more open to some other concepts, but that was the best thought we had right there, given the matchup."

Cam Settles, Arkansas RB

On the game and if it felt like it was one Arkansas had...
"Yeah, definitely. We were just this close, you know, we just gotta key in on those extra things and be more intentional throughout the whole four quarters, so it's definitely hurt, because, you know, we had that

On not captilizing more in the first half...
"You just gotta do it. It ain't really much. we gotta go down there and score, and we gotta help the defense because, you know, they have momentum, so we gotta build off their momentum and get a score. Like, it's simple as that. We have to score, and everybody has got to do their job."

Khmori House, Arkansas DB

On Auburn's offense in the second half...
"They just stuck to what they were doing. I think they did the same thing. You know, they do the tempo offense, so we gotta just be better. Gotta be better. Finishing, finishing, finishing games, finishing games."
